PROFESSIONAL SUMMARY

Computer Science Engineering undergraduate with a passion for Full Stack Development. Proven ability to build end-to-end web applications integrating frontend interfaces with backend systems. Strong foundation in Debugging, database design, and responsive UI implementation. Quick learner with excellent problem-solving and collaboration skills. Seeking a Software Developer role to create scalable, user-friendly web solutions.

TECHNICAL SKILLS

Programming Languages:	Python, Java , JavaScript, SQL
Frontend:	HTML5, CSS3, BootStrap
Backend:	Flask, REST API Development
Databases:	MySQL, PostgreSQL
AI & ML:	Computer Vision (OpenCV), Speech-to-Text

PROJECTS

AI-Powered Interview Evaluation System *Python, Flask, OpenCV, NLP | 2024–2025*

- Built an AI-driven mock interview platform with Flask backend and responsive HTML/CSS frontend.
- Applied NLP techniques (tokenization, keyword matching, filler detection) with Speech-to-Text for response analysis.
- Integrated OpenCV for real-time gaze and focus tracking via webcam; used PyPDF2 for resume parsing and ReportLab for PDF report generation.

TOTP-Based Multi-Factor Authentication (MFA) System *Flask, SQLite, PyOTP, HTML, CSS | 2024*

- Designed and implemented a secure login system using Flask, SQLite, and PyOTP for Time-based One-Time Password (TOTP) authentication.
- Integrated QR code generation for seamless Google Authenticator registration, improving security onboarding experience.
- Built four responsive frontend pages (Register, Login, OTP Verification, Success) using HTML5 and CSS3.
- Enhanced application security by enforcing token expiration policies and protecting endpoints against unauthorized access.

Currency Converter Web Application *HTML, CSS, JavaScript, REST API | 2023*

- Built a dynamic currency conversion application with real-time exchange rate data fetched via third-party REST APIs.
- Implemented asynchronous JavaScript (Fetch API) and DOM manipulation for instant, seamless conversion without page reload.
- Designed a clean, user-friendly interface supporting multi-currency selection for everyday transactions and travel use cases.

EDUCATION

R.M.K College of Engineering and Technology, Tamil Nadu 2022–2026
B.E. in Computer Science and Engineering

Guthikonda Sreeramulu Junior College, Andhra Pradesh 2020–2022
Intermediate Education (MPC)

Sri Vivekananda English Medium High School, Andhra Pradesh 2019–2020
Secondary School Certificate (SSC)

LANGUAGES

Telugu: Native | **English:** Professional | **Hindi:** Limited
